**PUBLIC NOTICE
REVOCATION OF REGIONAL PERMIT 84
For Construction, Maintenance and Modification of
Recreational Dock Facilities and Associated Structures in
Non-Tidal Navigable Waters of the United States
Within the State of Georgia**

The Savannah District, U.S. Army Corps of Engineers (Corps), by means of this notice is revoking Regional Permit 84 (RP 84), which was recently issued pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403).

The Savannah District recently received an inquiry from the public concerning if or when a Public Notice was issued or posted on the Corps website, advertising the proposed issuance of RP 84. Upon investigation we determined that due to an inadvertent technological or human error, a Public Notice was not issued or posted on the website. Therefore, since the public did not have an opportunity to comment on the RP prior to it being issued on May 16, 2014, RP 84 has been revoked.

A Public Notice will be issued at a later date to solicit public comments on the proposed issuance of RP 84.

Any inquires concerning RP 84 should be made to the U.S. Army Corps of Engineers, Regulatory Division, 100 West Oglethorpe Avenue, Savannah, Georgia, 31401. The telephone numbers of the Regulatory Division are (912) 652-5768 or 1-800-448-2402.
