

PERMIT CONDITIONS HERBICIDE TREATMENT OF AQUATIC VEGETATION

1. This permit is issued by the undersigned authorized representative of the J. Strom Thurmond Project, Georgia and South Carolina, in accordance with the Aquatic Plant Management Plan for U.S. Army Corps of Engineers, Savannah District Water Resource Projects, South Carolina and Georgia and the Environmental Assessment and Finding of No Significant Impact, Management of Nuisance Aquatic Vegetation at U.S. Army Corps of Engineers, Savannah District Water Resource Projects on the Savannah River, South Carolina and Georgia, on this _____ day of _____, 20__.
2. The permittee(s) agrees to and does hereby release and agree to save and hold the United States Government harmless from any and all causes of action, suits at law or equity or claims or demands or from any liability of any nature whatsoever for or on account of any injuries or damages to persons or property growing out of the execution of and activities under this permit.
3. The permittee(s) assumes full responsibility for any damage claims arising from such treatments. This includes replacement of or restitution for non-target vegetation, wildlife, or fish killed as a result of herbicide applications.
4. Only those herbicides classified as “general use” by the U.S. Environmental Protection Agency and designated for use on the target plant species may be utilized.
5. Herbicides must be applied by an applicator licensed in the Aquatic Plant category by the appropriate state. Applicators will be required to utilize application equipment that is capable of metering the herbicide as it is applied to assure proper application rate. Herbicides will be applied in accordance with all appropriate federal, state and local laws, rules and regulations.
6. The permittee(s) is responsible for posting water use restrictions in accordance with herbicide label instructions. Notice of these restrictions must be visible and legible within 150 feet of the treatment area.
7. The permittee(s) must assure others operating water withdrawal systems in the vicinity are notified prior to the herbicide applications. Required distances and restriction periods are listed on the herbicide label.
8. The J. Strom Thurmond Project Authorized Representative may terminate this permit at any time by giving written notice to the permittee(s). In the absence of any notice of termination, this permit will terminate 30 days from date of issuance.
9. The attached aquatic herbicide application record must be completed by the permittee and herbicide applicator and returned to the Operations Project Manager within seven (7) days of completion of work. Failure to do so may preclude issuance of future permits.

J. Strom Thurmond Project Authorized Representative

We, the undersigned parties, hereby agree to abide by conditions and restrictions of this permit. We have read and understand the permit conditions and restrictions. We further agree to have the attached herbicide application record completed and returned to the Operations Project Manager within seven (7) days of completion of work. We hereby appoint _____ as our designated agent under this permit with full power and authority to act in each and all of our names and on each and all of our behalves in performing the activities authorized under this permit and in complying with the terms and conditions of this permit; however, we agree to remain each and all fully bound by the terms and conditions of this permit. The above instrument, together with all the terms and conditions thereof, is hereby accepted this _____ day of _____, 20__.
