DESCRIPTION OF FOREST PRODUCTS SALE AREA(S);

SECTION II - SALE OF GOVERNMENT FOREST PRODUCTS - INSTRUCTION TO BIDDERS

1. Knowledge of Sale Terms and Conditions. All bids submitted shall be deemed to have been made with full knowledge of all the terms, conditions, and requirements herein contained. Any oral statement or representation by a representative of the Government, changing or supplementing any condition of this advertisement or contract resulting there from is unauthorized and shall confer no right upon the bidder or purchaser.

2. Inspection. The bidders are invited, urged, and cautioned to inspect the property to be sold prior to submitting a bid. Property is available for inspection during the times and through arrangements made as specified on the cover sheet of this invitation. In no case will failure to inspect constitute grounds for the withdrawal of a bid after opening.

3. Condition of Property. The property is offered for sale "as is" and "where is" with the bidder being obligated and responsible to provide at his sole expense and without any cost whatsoever to the Government all labor, equipment, materials, and supplies required to harvest and remove the forest products involved. The description of the property is believed to be sufficiently specific for purposes of identification. Any error or omission in the description (including location) shall not constitute any ground or reason for nonperformance of the contract or claim by the successful bidder for any allowance, refund or deduction from the amounts offered. The Government does not make any guarantee or warranty expressed or implied with respect to the property as to quantity, quality, character or condition, size or kind, or that the property is in condition or fit to be used for the purpose for which intended. The purchaser acknowledges that he has satisfied himself as to the location, field conditions, and volume of forest products to be removed from the designated area(s). This contract shall be construed to have the intent of covering all the designated forest products of the specified species and sizes on the area and as described herein and shall include all such forest products whether less than, equal to or in excess of the estimated volume or quantity stated.

4. Preparation and Submittal of Bids.

a. Bid Items. Unless the Invitation otherwise provides, bids may be submitted on any or all items; however, a bid covering any listed item must be submitted on the basis of the unit specified for that item and must cover the total number of units designated for that item.

b. Bid Form. Sealed bids must be executed and submitted on the bid form accompanying this invitation for bids, bid and acceptance, or on exact copies thereof. Bids shall be filled out in ink, or typed, with all erasures, strikeouts, and corrections initialed in ink. Additional copies of the bid form may be obtained from the District Real Estate Division.

c. Execution of Bid. A bid executed by an attorney or agent on behalf of the bidder must be accompanied by an authenticated copy of his Power of Attorney or other evidence of his authority to act on behalf of the bidder. If the bidder is a corporation, the Certificate of Corporate Bidder (page 2), must be executed. If the bid is signed by the Secretary of the Corporation, the Certificate must be executed by some other officer of the corporation under the corporate seal. In lieu of the Certificate of Corporate Bidder, there may be attached to the bid a copy of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be a true copy.

d. Marking and Addressing of Bid Envelope. This invitation number and bid-opening time must be plainly marked on the left side of the sealed envelope in which bids are submitted, for example:

Bidder's
Return
Address

SEALED BID

To be Opened:

Time: 2:00 PM
Location: Ft. Bragg Forest Resources Office
Date: 06 February, 2020
Invitation: SAV-RE-20-608

BID DELIVERY LOCATION:
U.S. ARMY CORPS OF ENGINEERS
ATTN: CESAS-RE-MTR
P.O. BOX 2180
SOUTHERN PINES, NC 28388-2180

Bids submitted with a guaranteed delivery time prior to the designated opening time by means of U.S. Postal Service Express Mail MUST be addressed as follows:

**U. S. ARMY CORPS OF ENGINEERS
ATTN: CESAS-RE-MTR
INTERSECTION OF MANCHESTER & KING ROADS
P.O. BOX 2180
SOUTHERN PINES, NC 28387**

e. Delivery of Bids. It will be the duty of each bidder to see that his bid is delivered by the time and at the place prescribed in the invitation. Bids received prior to the time of opening will be securely kept, unopened. The person whose duty it is to open them will decide when the specified time has arrived, and no bid or modifications of a bid, or withdrawals of a bid received thereafter, will be considered, except those received before award is made and is either (1) sent by registered or certified mail at least 5 calendar days before the specified receipt date, through the U.S. or Canadian Postal Services to the specified address; or (2) sent by Express Mail Next Day Service of the U.S. Postal Service not later than 5:00 p.m. at the place of mailing, 2 working days before the specified bid receipt date to the specified address. No responsibility will be attached for the premature opening of a bid not properly addressed and identified. All modifications of a bid or withdrawals of a bid must be in writing. Telegraphic bids will not be considered, but modifications or withdrawals, by telegraph, of bids already submitted will be considered, if received prior to the time set for opening bids.

5. Bid Deposit. A deposit in the amount of not less than **20% of the total bid price** must accompany each bid submitted in order to validate the transaction. If the total bid amount is \$1,000.00 or less, 100% of the total bid amount must be submitted with the bid. Such deposit must be furnished as a money order, or traveler's/cashier's/certified check or a combination thereof made payable to the order of **"F&A Officer, USAED, Savannah"**. **Cash deposit is acceptable but is limited a total of \$1,000.00 due to security concerns.** The deposit of the successful bidder will be retained by the Government and applied proportionately as payment of the forest product sold and/or as performance deposit. The sale will be on all-cash basis with additional periodic payments required as hereinafter specified under Condition 3, Section III.
6. Opening of Bids. At the time set for the opening of bids, their contents will be made public by announcement for the information of bidders and others properly interested, who may be present, either in person or by representatives; provided, however, that any information submitted in support thereof, the disclosure of which may tend to subject the person submitting it to competitive business disadvantage, will upon request be held in strict confidence by the Government.
7. Bid Price Determination. When bids are solicited on a unit price basis, bidders will insert their unit prices and total prices in the space provided for each item. In the event the bidder inserts a total price on the item but falls to insert a unit price, the Government will determine the unit price by dividing the total price by the quantity of the item set out in the invitation. The unit price so determined shall be used for the purpose of bid evaluation, award and all phases of contract administration. The unit price shall govern in any case of error in calculation of the estimated total contract price.
8. Award of Contract.
 - a. The responsible bidder whose bid, conforming to the invitation of bids, is most advantageous to the Government, price and other factors considered, will be notified that an award will be made to him upon application of the performance deposit or bond as specified in Section III (2) of this contract. In the event that the performance deposit or bond is not tendered within the specified period, the Government may, at its option, select from the remaining bids the responsible bidder whose bid, conforming to the invitation of bids, is most advantageous to the Government, price and other factors considered. That bidder will be notified that an award will be made to him upon application of the performance deposit or bond as provided in Section III (2) of this contract. The Government may, when in its interest, reject any or all bids or waive any informality in bids received. The Government may accept any item or combination of items of a bid, unless precluded by the invitation for bids or the bidder includes in his bid a restrictive limitation.
 - b. In the absence of information clearly indicating that the bidder is responsible, the Real Estate Contracting Officer shall conclude that the bidder does not qualify as a responsible bidder. To determine a bidder to be responsible, a Real Estate Contracting Officer must find that:
 - (1) The bidder has adequate financial resources to perform the contract or the ability to obtain them;
 - (2) The bidder is able to perform the contract within the contract term taking into consideration all existing commercial and governmental business commitments;
 - (3) The bidder has a satisfactory performance record on timber sale contracts. A prospective bidder that is or recently has been seriously deficient in contract performance shall be presumed not to be responsible, unless the Real Estate Contracting Officer determines that the circumstances were beyond the bidder's control and were not created through improper actions by the bidder or affiliate, or that the bidder has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably under a contract is strong evidence that a purchaser is not a

responsible bidder. The Real Estate Contracting Officer shall consider the number of contracts involved and extent of deficiency of each in making this evaluation;

- (4) The bidder has a satisfactory record of integrity and business ethics;
- (5) The bidder has or is able to obtain equipment and supplies suitable for logging the timber and for meeting the resource protection provisions of the contract;
- (6) The bidder is otherwise qualified and eligible to receive an award under applicable laws and regulations.

c. A bidder may protest a determination made in the bid/award process to the Real Estate Contracting Officer within 30 days of the date of the notification or rejection letter to the bidder. If the protest cannot be disposed of by agreement, the Real Estate Contracting Officer will within 14 days forward the protest to the Division Real Estate Contracting Officer, U.S. Army Corps of Engineers, Atlanta, Georgia and so notify the protester in writing of such action. The Division Real Estate Contracting Officer should consider such protest within 60 days of delivery, but may continue the Sale of Government Forest Products process. In connection with any written protest proceedings under this provision, protestor should clearly:

- (1) identify the Invitation For Bid No.;
- (2) identify contact parties;
- (3) state the reasons for the protest;
- (4) provide documentation in support of the protest; and
- (5) state what is the desired result.

The decision of the Division Real Estate Contracting Officer shall be final and conclusive. A written copy of the decision shall be mailed or otherwise furnished to the protester. The Government reserves the right to establish management objectives and requirements designed to achieve these objectives. These objectives are not subject to this protest process.

9. Interstate Commerce. The Interstate Commerce Act makes it unlawful for anyone other than those duly licensed under the act to transport this property in interstate commerce for hire. Anyone aiding or abetting in such violation is a principal in committing the offense (49 USC 301-327; 10101-11914).

SECTION III - SALE OF GOVERNMENT FOREST PRODUCTS - GENERAL SALE TERMS AND CONDITIONS.

1. Definitions.

- a. The term "Secretary" as used herein means the Secretary of the Army, and the term "his duly Authorized Representative" means the Director of Real Estate, U.S. Army Corps of Engineers, or an individual or board designated by him.
- b. The term "Real Estate Contracting Officer" as used herein means the person executing this contract on behalf of the Government and includes a duly appointed successor Authorized Representative.

2. Performance Deposit or Bond. At Contract Award, Bid Deposits may be converted and proportionately applied as performance deposit and/or as stumpage payment. **10%** of the Total Bid Amount is to be held aside and applied as a performance deposit in order to insure faithful performance under this contract in addition to other payments required under the provisions of this contract. If the contract is performed to the full satisfaction of the Real Estate Contracting Officer, said performance deposit shall be returned to the purchaser upon satisfactory contract completion.

Bond: In lieu of this cash deposit the purchaser may furnish a performance bond with surety approved by and in a form acceptable to the Real Estate Contracting Officer. The penal sum of such bond to be at least 10% of the total contract bid price. Standard Form 25 may be used for this purpose.

Performance Deposit Not A Payment: During the term of the contract active harvesting periods, the Performance Deposit or Bond is not to be considered as a forest product advance payment.

3. Advance Payments. In addition to the original 10% Performance Deposit or Bond, the purchaser must make an initial advance payment of **10% of the total bid amount** just prior to commencement of harvesting operations. The purchaser must thereafter pay the remainder of the contract bid price in **advance** portions (minimum 10% increments) for forest products to be harvested as determined by the Contractor or as requested by the Real Estate Contracting Officer Representative **or** as may be billed, whichever effects the advance to be paid promptly. The Contractor is responsible for determining current harvest amounts on a daily basis and, when harvest value amount nears actual amount already paid, the Contractor must immediately make additional advance payment or stop harvesting until such payment is made. When value amount of products harvested equals or exceeds amount of total stumpage payments, the Government officials will require all harvesting operations to cease until additional payment is made. Failure of the Contractor to stay ahead on payments is a violation of the Performance requirements.

a. For unit price sales, such **payment shall be made prior to commencement of harvesting operations.**

- (1) For all contracts of \$10,000 or less, balance of the estimated total purchase price must be paid in full.
- (2) For all other contracts (over \$10,000), each advance payment shall be an amount to be established by the Real Estate Contracting Officer but in no case less than **10%** of the estimated total contract price. In the event there is any surplus of funds to purchaser's credit on deposit upon completion of removal operations as required under the terms of the contract, a refund of such surplus will be made to said purchaser.

b. For lump sum sales, the purchase price shall be paid as follows:

(1) On bids below \$10,000, payment in full is required within fifteen (15) calendar days after Notice of Acceptance. Bid deposit will be applied toward the amount due.

(2) On bids \$10,000 to \$20,000, \$10,000 is required within fifteen (10) calendar days after Notice of Acceptance and the remaining balance when approximately 50 percent of forest products has been cut.

(3) On bids larger than \$20,000, bidder must pay \$10,000 within ten (10) calendar days after Notice of Acceptance and the remainder as requested by the Real Estate Contracting Officer or as billed. The determination of the frequency of \$10,000 payments will be based on the volume of the material cut as determined by the Real Estate Contracting Officer, having as its objective that the amount paid in shall at all times be the equivalent of at least 10 percent more than the percentage of forest products cut. To aid in this determination, the books of account and inventories by the purchaser shall be available for inspection by the Real Estate Contracting Officer. Purchaser shall submit a letter stating volumes harvested to date to the Real Estate Contracting Officer on frequency to be established by said officer.

4. Billings. The purchaser should make regular advance payments on his own initiative as required but also may be billed periodically for the estimated quantities of forest products as determined by the Real Estate Contracting Officer to be removed during a given operational period. Payment must be made in the amounts and by time requirements specified in the bill, otherwise, harvesting may be suspended by the government until the bill is settled.

5. Methods of Payment. All payments shall be made by certified check, cashier's check, bank draft, postal or express money order, payable to the **F&A Officer, USAED, Savannah**. Billing payments will be remitted within the time requested in the bill or otherwise within ten (10) calendar days of the date of the billing, directly to the Forest Resource Project Office or District Office, as specified under Special Sale Terms and Conditions. Late Payment of bills are subject to interest accrual based on current U.S. Treasury rates.

6. Defaults. If, after the award, the purchaser breaches the contract by failing to make any payments as required, or by failing to remove the property as required, then the Real Estate Contracting Officer may send the purchaser a fifteen (15) calendar day, written notice of default (calculated from date of mailing), and upon purchaser's failure to cure such default within that period (or such further period as Real Estate Contracting Officer may allow), the purchaser shall lose all the right, title and interest which he might otherwise have acquired in and to the property as to which a default has occurred. The purchaser agrees that in the event he fails to pay for the property or remove the same within the prescribed time, the Real Estate Contracting Officer at his election and upon notice of default shall be entitled to retain (or collect) as liquidated damages a sum equal to the total amount of such loss or damages sustained. When the Real Estate Contracting Officer exercises this election, he shall specifically apprise the purchaser either in the original notice of default (or in separate subsequent written notice) that upon the expiration of the period prescribed for curing the default the formula amount will be retained (or collected) by the Government as liquidated damages. The maximum sum, moreover, which may be recovered by the Government as damages for failure of the purchaser to remove the property and pay for the same shall be such formula amount. If the purchaser otherwise fails in the performance of his obligations thereunder, the Government may exercise such rights and may pursue such remedies as are provided by law or under the contract.

7. Disputes. Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the Real Estate Contracting Officer, who shall reduce this decision to writing and mail or otherwise furnish a copy thereof to the purchaser. This decision of the Real Estate Contracting Officer shall be final and conclusive unless, within thirty (30) calendar days from the date of receipt of such copy, the purchaser mails or otherwise furnishes to the Real Estate Contracting Officer a written appeal addressed to the Secretary of the Army. The decision of the Secretary or his duly authorized representative for the determination of such appeals shall be final and conclusive unless determined to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the purchaser shall be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute hereunder, the purchaser shall proceed diligently with the performance of the contract and in accordance with the Real Estate Contracting Officer's decision.

8. Title Passage.

a. Unit Price Sale. All right, title, and interest in and to any included forest product shall remain vested in the Government until it has been removed from the authorized sale area, weighed, measured, accounted for, and paid for, at which time title shall vest in the purchaser.

b. Lump Sum Sale. All right, title, and interest in and to any included forest product shall remain in the Government until it has been paid for, at which time title shall vest in the purchaser. Title shall revert to the Government for any forest product remaining on the sale area upon harvest completion or the termination of this contract.

9. Military Mission and Other Delays.

a. Operations may be delayed from time to time, and sale area closed, because of military training. Purchaser will make daily checks with the Real Estate Contracting Officer regarding military schedules affecting the sale area. If the sale area is closed as a result of military training for a continuous period of thirty (30) calendar days or a total of sixty (60) calendar days, then at the option of the Real Estate Contracting Officer, the contract may be extended or terminated.

b. At the option of the Real Estate Contracting Officer, the contract may be extended or terminated in the event the purchaser experiences delays or interruptions of ten (10) days or longer, which stops included timber removal from the sale area through the Government's curtailment of harvesting operations due to specific legal requirements concerning the protection of "Endangered & Threatened Species" (plant/animal) and/or "Cultural/Historical Resources" in the sale area.

c. Stoppages ordered in writing by the Real Estate Contracting Officer to protect Government property from excessive damage resulting from poor or wet logging conditions or other requirement as stated.

d. The contract may be extended or terminated at the option of the Real Estate Contracting Officer for causes noted under 9a, 9b, or 9c above. If terminated, the purchaser will be relieved of any further responsibility of removal of the forest products sold hereunder. Any sums prepaid or on deposit will be equitably adjusted upon clearance and final inspection of the area. Under lump sum contracts, this adjustment will be made in the same manner as outlined in Condition 11b below.

10. Extension of Time. The Real Estate Contracting Officer may, by a Supplemental Agreement or Change Order, extend the time allocated for removal under the following conditions:

a. When the total volume of the forest product designated for removal exceeds the estimated volume advertised, the time allocated for removal may be extended for an equitable period, based upon the minimum weekly production required to complete the removal of the original estimated contract volume within the original allocated time. Weekly rate of production shall be determined as specified herein under Condition 2, Section IV, Schedule of Removal and Completion.

b. When **purchaser desires** a reasonable extension of time for his own **convenience**, provided that:

(1) The Contracting Officer determines that the extension will not endanger final required installation deadlines; and

(2) The **considerations for the extension** is mutually agreed upon by purchaser and said officer.

c. For days lost by the purchaser due to closure of the sale areas as ordered by the Real Estate Contracting Officer as outlined in Conditions 9 above, this section.

d. For reasonable mobilization time (other than initial mobilization) as a result of major interruptions during contract period and where it is determined necessary by the Real Estate Contracting Officer.

e. When purchaser experiences delay in commencing scheduled operations or interruption in active operations either of which stops removal of included timber from sale area(s) through curtailment of his field operations for ten (10) or more consecutive calendar days during normal operating season due to causes beyond purchaser's control, including but not limited to acts of God, acts of public enemy, acts of Government, labor disputes, fires, insurrections, floods or earthquakes. (Normal precipitation within geographical vicinity of sale area not justification for extension.)

f. When other Government requirements prohibit access or operation in the sale area(s).

NOTE: To qualify for a time extension, the **purchaser shall submit a request to the Real Estate Contracting Officer in writing** As soon as possible but at least ten (10) calendar days **prior to the contract termination date** citing applicable **reasons** described in a. through f. above.

11. Metal Contamination.

a. Some timber included under this sale contract maybe contaminated with military bullets and/or shell fragments; and notwithstanding other provisions of this contract, it is not intended that the purchaser be required to harvest such trees when the contamination is **determined to be excessive** by the Real Estate Contracting Officer. If military metal is encountered, the purchaser will assist in determining the degree and extent of the contamination. After examination,

and a **determination is made** by the Real Estate Contracting Officer that **contamination is excessive**, such timber or sale area will usually be **deleted** from the contract. **Metal contamination is not expected in excess of the rate of 1 tree per 100 trees for any significant portion of the sale.**

b. In the event any portion of the sale area is deleted under a lump sum sale, the adjustment will be negotiated on the basis of a mutual cruise by representatives of both parties to determine volume and value of the timber deleted. The Government, however, will not substitute or replace contaminated timber with like volume or area of timber for the amount withdrawn.

12. Liability of Government. The purchaser hereby waives all claims and agrees to hold the Government harmless for any damages to property or injury to persons which may arise out of the existence of unexploded ammunition, metal or foreign objects **on the premises as well as** in trees on the premises, or for any damage whatsoever which may arise from the harvesting of timber by him or operations required hereunder.

13. Supervision. When cutting, logging, or other operations under this contract are in progress, the purchaser shall have a Contractor Representative **present** on the work site or readily available (1/2 hour or closer) to the area of such operation at all times. This Contractor Representative shall be named in writing with a phone contact number to the Real Estate Contracting Officer. This Representative **shall be authorized** to receive on behalf of the purchaser, any **notices and instructions** given by the Real Estate Contracting Officer in regard to performance under this contract, and to **take such action** thereon as is **required** by the terms of this contract.

14. Vehicles. Contractor may be required to provide a list of vehicles authorized to transport forest products under this contract to the Real Estate Contracting Officer. Contractor may be required to properly display Government furnished identification markers, display load numbers on logs, and/or possess current valid security passes for the area of harvesting operations to transport forest products under this contract. Routes to be used for transportation of forest products from the reservation will be designated by said officer. Vehicles used in the transportation of forest products are subject to Federal, State and local laws and regulations governing the securing of loads, size, weight, and load limitations.

15. Compliance with Laws, Rules, Regulations. All operations in connection with the removal of forest products sold hereunder shall be subject to all installation, local, State, Federal laws and regulations pertaining to security, loading and operation of vehicles, fire, safety, sanitation, environmental protection, and other rules, regulations, and directions prescribed by the Real Estate Contracting Officer in addition to those outlined below. Failure to abide by such laws, rules, regulations, or directions may result in work stoppage or termination of the contract.

a. Protection of Government Property and Personnel. All Government property including utility lines, ditches, bridges, and fences located within or immediately outside the exterior boundaries of the sale area, shall be protected so far as possible in logging and other operations, and if damaged, shall be repaired and restored immediately by the purchaser. Subject to the approval of the Real Estate Contracting Officer, any utility line or fence which may be damaged in felling or logging operations may be moved from one location to another, or specified trees may be left uncut. Roads, trails, and designated fire lanes shall at all times be kept free of logs, brush, and debris resulting from the purchaser's operations hereunder, and any road or trail used by the purchaser in connection with this sale that is damaged or injured beyond ordinary wear and tear through such use shall promptly be repaired by the purchaser to its original condition. The purchaser shall exercise due caution to insure the safety of all personnel on the sale area including all Government personnel engaged in inspection of purchaser activities.

b. Littering. The purchaser shall refrain from littering Government property with glass, metal, paper, plastic, oils, lubricants, fuels, detergents or any other solid or liquid pollutants and shall assure that his employees, agents and subcontractors refrain from doing so. Persistent pollution may result in work stoppage or termination of the contract. Clean up costs incurred by the Government will be assessed against the purchaser in accordance with Condition f, Paragraph 18, Liquidated Damages, herein.

c. Fire Suppression. The purchaser, shall exercise due diligence and take all reasonable and practicable action both independently and upon request of the Real Estate Contracting Officer or Fire Marshall of the reservation to prevent and suppress forest fires both within the sale area, and the area contiguous thereto. The purchaser agrees to reimburse the Government for the cost of fire suppression incurred as the result of his negligence or willful acts.

d. Environmental Quality. Purchaser agrees to adhere to all instructions of the Real Estate Contracting Officer regarding erosion control, stream crossings, and construction of access roads, loading decks, skid trails, water bars, and water diversion ditches. Failure to comply will be grounds for assessment of Liquidated Damages, Paragraph 18, herein, and may result in work stoppage or termination of the contract.

e. Violations. In the event that the purchaser, his/her/its agent or employees, violates any instructions or direction given by the Government or any law, regulation, or policy, the Real Estate Contracting Officer's Representative may require the purchaser to cease work immediately so that an evaluation of the affected area or the violation itself may be made by appropriate government personnel. The Real Estate Contracting Officer will review the evaluation, and at the option of the Real Estate Contracting Officer, the contract may be terminated. No compensation shall be due the purchaser for any stoppage or termination under this provision. An assessment of the property damage and administrative costs will be made to determine the extent of the damages and costs, and the purchaser shall make payment to the United States in that amount. The purchaser shall be liable for the payment of any penalties or assessments resulting from the acts of the purchaser, his/her/its agent or employees. The purchaser will also be liable for any costs, including, but not limited to, administrative costs, incurred by the Government to complete the removal of the forest products that are the subject of this contract. In addition to penalties assessed under this provision or any other provision of this contract, the purchaser will be subject to appropriate criminal and civil penalties.

16. Gratuities.

a. The Government may, by written notice to the purchaser, terminate the right to the purchaser to proceed under this contract if it is found, after notice and hearing by the Secretary of Army or his duly Authorized Representative, that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the purchaser, or any agent or representative of the purchaser, to any officer or employee of the Government with a view toward securing a contract or securing favorable treatment with respect to the performing of such contract, provided that the existence of the facts upon which the Secretary or his duly Authorized Representative makes such findings shall be in issue and may be reviewed in any competent court.

b. In the event this contract is terminated as provided in 16.a. above, the Government shall be entitled to:

(1) Pursue the same remedies against the purchaser as it could pursue in the event of a breach of the contract by the purchaser, and

(2) Exemplary damages in an amount (as determined by the Secretary or his duly Authorized Representative) which shall be not less than three (3) nor more than ten (10) times the costs incurred by the purchaser in providing any such gratuities to any such officer or employee as a penalty in addition to any other damages to which the Government may be entitled by law.

c. The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

17. Nondiscrimination in Employment. If the total value of this contract is in excess of \$10,000, purchaser agrees during its performance as follows:

a. Purchaser will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. Purchaser will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to, the following: employment, upgrading demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; the selection for training, including apprenticeship. Purchaser agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Real Estate Contracting Officer setting forth the provisions of this subsection.

b. Purchaser will, in all solicitations or advertisements for employees placed by or on behalf of purchaser, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.

c. Purchaser will send to each labor union or representative or workers with which he has a collective-bargaining agreement or other contract or understanding, a notice to be provided by Real Estate Contracting Officer, advising the said labor union or worker's representative of purchaser's commitments under this subsection, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. Purchaser will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and the rules, regulations and relevant orders of the Secretary of Labor.

e. Purchaser will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books or records and accounts by Real Estate Contracting Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

f. In event of **purchaser's noncompliance** with this subsection or with any of such rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and **purchaser may be declared ineligible** for further Government contracts in accordance with procedures authorized in Executive Orders No. 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in said Executive Order by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

g. Purchaser will include the provisions of subparagraphs a. through g. in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each subcontractor or vendor. Purchaser will take such action with respect to any subcontract or purchase order as Real Estate Contracting Officer may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event purchaser becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by Real Estate Contracting Officer, purchaser may request the United States to enter into such litigation to protect the its interests.

18. Liquidated Damages. Without derogation of any other rights afforded it by this contract, the Government through its Real Estate Contracting Officer (RECO) may determine the extent of damages arising from any of the causes hereinafter set forth, and the purchaser agrees to pay a penalty therefore in an amount to be determined by the Real Estate Contracting Officer as liquidated damages for the injury and/or cost suffered by the Government; but in no event to exceed the maximum penalty shown in the schedule below:

<u>Cause</u>	<u>Liquidated Payment*</u> (To include cost incurred by the Government.)
a. Cutting or damaging undesignated trees intentionally or through negligence or carelessness.	Triple unit sale price or triple fair market value for the respective forest products, at RECO discretion.
b. Removal of material harvested from the designated sale area without measurements in accordance with the terms of the contract.	Triple the unit price for the respective forest products.
c. Failure to maintain production (Section IV 2.)	\$1,000 per week.
d. Failure to cut designated or merchantable trees respectively which are not exempted and failure to utilize merchantable material.	Triple the unit sale price for forest product.
e. Degradation of environmental quality through persistent littering, residual tree skinning, excessive rutting or other negligent or willful acts to Government land or water.	Actual clean up or restoration as determined by the RECO
f. Incomplete, missing or erroneous load mill tickets Load Sheet entries, later independently corrected.	\$500 per load if Contractor corrected within 10 work days; or \$200 if corrected within 6 days; \$100 within 3 workdays.
g. Failure to return used or unused Load Sheets, missing or erroneous mill tickets or entries.	\$1000.00 per load, line or missing mill ticket or failure to complete sheet-line or weigh ticket. (Even later corrected.)

19. Contract Termination. The Government may terminate this contract at any time by giving ten (10) calendar days' notice in writing to the purchaser. In the event the contract is so terminated, the purchaser shall release the Government from liability for any damages or claims of whatsoever nature which result from said termination, except that funds on deposit in excess of that required in payment of material cut and removed shall be refunded, unless otherwise provided herein. Under lump sum contracts, this refund will be based on volumes and values determined under the same procedures as outlined in paragraph 11b supra.

20. Records. Books and records of the purchaser relating to all operations covered by this contract shall be open to inspection at any time by the Real Estate Contracting Officer an available for audit with the understanding that the information obtained shall be regarded as confidential.

21. Invitation, Bid and Acceptance. Invitation, Bid and Acceptance shall constitute the entire contract of sale between the purchase and the Government.

Section IV - Special Sale Terms and Conditions

1. Commencement. The purchaser will commence removal of the forest products within 10 calendar days after issuance of Notice to Proceed if site is available/operable and purchaser will continue harvesting throughout remainder of the contract period.

2. Schedule of Removal and Completion. The purchaser agrees to remove from the sale area all forest products designated to be removed under this contract prior to date(s) shown below and at the minimum production rate specified herein:

Item 1: 28 FEB. 2021	Item 5: _____	Item 9: _____
Item 2: _____	Item 6: _____	Item 10: _____
Item 3: _____	Item 7: _____	Item 11: _____
Item 4: _____	Item 8: _____	Item 12: _____

The minimum rate of production will be determined by dividing the number of weeks within the period of time established for the item purchased into the estimated volume or quantity of the forest product included under such item.

3. Period of Operations. Unless authorized by the Government, removal of forest products will not be permitted on Saturdays, Sundays, or any Government holiday and will be accomplished only during the hours designated by the Contracting Officer. The daily schedule of hours may be modified due to seasonal changes by notice in writing to the purchaser

4. Identification of Forest Product(s) included in Sale.

Total of 207 Acres. Harvest all merchantable timber within the sale area marked with blue paint.

No harvest in areas marked with; blue and white striped and pink flagging, trees marked with orange paint circles. Trees marked with pink flagging or green paint will not be harvested or damaged by harvest operations.

The purchaser accepts the marking as final, except that, by mutual agreement between the Contracting Officer and the purchaser, changes in the marking can be made by marking additional trees or removing the marks from trees already marked when such changes are clearly the result of errors or omissions in the original marking. Trees to be removed in the construction of logging trails and loading points, and trees damaged in logging will be marked or designated for cutting as needed by the Contracting Officer.

5. Merchantability Standards.

a. Unit Price Sale. Trees and forest products cut from those trees which equal or exceed the specifications set forth in paragraph c below are considered merchantable and will be cut and utilized as specified. Tops resulting from the harvesting of standing trees which are within said merchantability specifications are included.

b. Lump Sum Sale. Cut and utilize all trees and forest products as specified in paragraph c below.

c. Specifications.

<u>Species and Product</u>	<u>Unit/Tree</u>	<u>Length/Feet</u>	<u>Diameter Inside Bark at Small End</u>
<i>Pine Trees</i>	<i>1</i>	<i>12</i>	<i>3.5"</i>

6. Harvesting Operations.

a. Order of Logging. The order of logging will be designated by the Real Estate Contracting Officer. Purchaser's proposal for sequence of cutting will be considered. All forest products will be removed and all phases of operations completed within the assigned operational unit prior to commencement of operations in another operational unit. From time to time, due to military activities, the order of operations may be realigned by the Real Estate Contracting Officer.

Operations under this contract will be conducted in a manner that will not interfere with removal operations under other contracts. Operations will be confined to the designated sale area(s).

b. Conduct of Logging.

(1) Felling and Bucking. Felling shall be done to minimize breakage of sale timber and damage to residual timber and seedlings. Unless otherwise agreed, felling shall be done by saws or shears. Bucking shall be done to permit utilization of all material in accordance with merchantability specifications noted in paragraph 5 above. So far as practicable, trees shall be felled in a direction with reference to skid roads that will facilitate skidding and result in minimum damage to young growth and the residual stand.

(2) Stump Height. All trees to be harvested will be cut as low as possible but not higher than 6 inches for pine and 12 inches for hardwood and cypress above the ground line on the highest side, except when the measurements are impractical in the judgment of the Real Estate Contracting Officer.

(3) Limbing. Whole-tree skidding is allowed. Limbing gates and mechanical de-limbers are authorized.

(4) Skidding. During tree length skidding, logs shall not be skidded against or over residual trees or groups of tree reproduction. Skidders shall be turned around in openings and backed into the tow. Unmarked trees or reproduction may not be cut/damaged to facilitate skidding or loading of trucks except as approved by the Real Estate Contracting Officer. The Real Estate Contracting Officer reserves the right to establish the location/size of skid trails, landings, and haul roads.

(5) Loading Areas (Decks & Landings) and Skid Trails. Loading sites must be located at specific sites marked on the ground and shown on the Contract map. If not pre-designated by the RECO, skid trails may be located at the discretion of the Contractor except in the wetland areas and near the boundary lines where line trees or areas outside the sale areas may be affected or as otherwise authorized by the Real Estate Contracting Officer.

(6) Lopping. The tops and limbs resulting from the conduct of this sale will be lopped to within 36 inches of the ground within 300 feet of main roads and 150 feet of Fort Stewart roads or other areas designated by the Real Estate Contracting Officer. Purchasers will lop all of their respective tops as tree felling progresses.

(7) Slash Disposal. Piling of tops or branches immediately adjacent to live trees will not be permitted. The unused portion of all tops and branches must be removed from roads, drainage ditches, fire lanes, power lines, pipelines, stream channels, and mowed or other areas designated by the Real Estate Contracting Officer. When limbing gates are permitted, slash will be dispersed if directed by Real Estate Contracting Officer.

(8) Roads and Access to Sale Area. The purchaser in accordance with the sale map accompanying this invitation for bids will exercise maximum utilization of existing gates, roadways, bridges, and fire lanes. Only by special permission from the Real Estate Contracting Officer and then only when conditions warrant will the purchaser be allowed to construct any roads or bridges on the premises. The Real Estate Contracting Officer must approve truck/vehicle routes to be followed by the purchaser in connection with the removal of the timber. Restoration of the area where any new route has been constructed by the purchaser to approximately its original condition may be required prior to expiration of the sale agreement. Ingress or egress through or across any private property (non-Government) shall be the responsibility of the purchaser.

(9) BMPs Utilized. Logging will conform to North Carolina's Best Management Practices with particular emphasis upon the following guidelines: Waste oil and fuel must **not** be drained into the soils or waters of Fort Bragg. Skid trails will be minimized in wet areas and will cross drains at right angles. Logging operations will be limited to operable dry periods. Tops and limbs will be kept out of drains where water flow will be restricted. No significant rutting or soil damage allowed in the designated wetlands.

7. Weight Factors (Unit Price Sale). Weight factors used to determine the number of units of respective forest product:
1 ton equals 2,000 pounds.

8. Volume Determination.

a. Unit Price Sale. The quantity of units sold under this contract of sale will be determined by weighing each truckload at a Government operated weight station (when available), or at a consumer mill or commercial weight station acceptable to and approved in writing by the Real Estate Contracting Officer. When the use of consumer mill or commercial scales is authorized, the purchaser will pay the cost of weighing, if any, and furnish to the Real Estate Contracting Officer, on a frequency to be established, certified weight tickets for each load showing data and information required by the Real Estate Contracting Officer. With the written consent of the Real Estate Contracting Officer, the quantity of units may be based upon cubic foot measurements, using an acceptable weight conversion factor. Quantities will be based on net units plus any loss due to purchaser's fault. Mixed loads of various items under the contract may be removed, provided payment shall be at the rate of the item having the highest unit price. Forest products sold under this contract may be removed as a product other than that specified, provided that when the sale is under the weight method, the product is weighed with all bark intact or provisions made for bark weight through mutual agreement.

b. Lump Sum Sale. The timber described as to be harvested is sold as one lot in its entirety for one lump sum, and the Government makes no guarantee or warranty as to the volume, quality or condition of material.

9. Security Log-Load Sheets. Timber Harvest Load Sheets will be issued and must be utilized on unit price sales with each sheet designed to record 33 loads. Each pre-numbered line must be filled out as soon as a truck load leaves the loading deck for transport to a mill. The line number on the left margin of the load sheets becomes the load number which must also be painted on the butt-end side of a log on the driver's side, just rearward of the front-most bolster. The number should be painted with a vividly contrasting color as large as reasonably possible, such that the number can be easily read at a glance by the driver of an oncoming vehicle traveling at road/highway speed, as the two vehicles pass. Suitable paint of an acceptable contrast and clarity is to be provided by the Contractor (Example: Nelson brand aerosol white tree marking paint works well). This Load Number, authorizes transport of Government timber (or other forest products). At the delivery mill site, the truck operator **must acquire a copy of the mill's official weigh ticket** and return it to the loading deck to be logged in on the load sheet as soon as that truck returns but, no later than 1 work-day after original deck departure. Upon return to the loading deck, the mill code, date/time of weigh-in net weight in pounds and weigh ticket number should be entered on the Load Sheet. The load number from the left hand first column of the Load Sheet should be handwritten in the upper right corner of the copy of the mill ticket and all tickets stored sequentially in a neat flat stack with the associated Load Sheet. Crumpled, multi-folded or dirty/greasy mill tickets are not acceptable. If any missing or unreasonably late mill tickets are noted by a Government inspector, monetary penalties may be assessed and/or the harvesting operation may be shut down until the mill ticket(s) are located, properly logged in to the sheet and stored with other tickets for that Load Sheet.

Upon final completion or temporary suspension of harvesting operations, the contractor shall immediately deliver all completed, partially completed and unused Load Sheets to the Resident Forester with blue truck tags. The contractor will be penalized \$1,000 for each missing, damaged, destroyed or lost mill ticket and \$1,000/line for missing, lost or destroyed Load Sheets

10. Tree Paint and Marking Equipment. The contractor may use tree marking paint to designate utility-class pole timber so long as color used is distinctly different from the select-mark or boundary paint colors already in place. The contractor may use aerosol paint to place Load Numbers on the side of logs loaded on the truck ready to haul. Other marking hammers, paint or equipment for painting, or any other equipment similar to that used by the Government in the marking of trees, logs, or bolts are prohibited from Government reservations, except as approved in writing.

11. Logging Equipment. Without regard to weather or ground condition, the purchaser must at all times keep tractors, trucks, or other required equipment in operation on the sale area, as determined by the Real Estate Contracting Officer, to maintain the minimum production rate and to complete this contract of sale within the time allocated.

12. Other. (Special requirements and instructions.)

a. The contractor and the field supervisor(s) of harvest operations shall attend a pre-work conference with the Real Estate Contracting Officer (or designated representative) and Ft. Bragg Natural Resources personnel prior to the start of harvest. The contractor shall give a forty-eight (48) hour advance notice before moving into the sale area to begin work or leaving the sale area to the Fort Bragg Forest Resources Office and the Fort Bragg DPW, Forestry Branch. Harvest operations must be coordinated with the above mentioned offices.

- b. Harvest will be stopped and crews removed from the sale area if, in the opinion of the Real Estate Contracting Officer's representative, the crews are not harvesting to contract specifications.
- c. Harvest operations will not occur within the buffer zone of the RCW from 01 April thru 31 July. RCW buffer zones are within 200 foot radius from the colony tree(s). Colony trees are designated with two (2) bands of white paint or one band of green paint. Loading decks, vehicle or equipment parking ARE NOT ALLOWED within RCW buffer zone.
- d. Harvest operations that occur within RCW buffer zones will not damage colony trees or other residual trees within the buffer zone.
- e. Federally Endangered Plant Sites. The perimeter of Federally Endangered plant sites are buffered with yellow diamond shaped signs faced into the sale area. Endangered plant sites are off limits to harvest activities
- f. Rare Plant Sites. The buffer of other rare plant sites will be marked with a circle using fluorescent orange spray paint facing towards the sales area. NO harvest activity is allowed inside the marked buffer zones
- g. Contractor is required to utilize mechanical feller-buncher and limbing gates in harvest operations. A mechanical feller-buncher is defined as a machine capable of grasping a tree, cutting the tree at the stump, and carrying the tree in an upright position to the desired area for felling the tree. Use of logging equipment other than described above must be approved in advance by Fort Bragg DPW, Forestry Branch and the Contracting Officer's representative.
- h. Skid trails will not cross drainages and should follow contours. Skid trails will be at least seventy-five (75) feet from the drainages. Unless approved in advance by the Real Estate Contracting Officer (or designated representative) and/or DPW Forestry Branch.
- i. Skid trails will not go through areas designated as environmentally sensitive. Log decks will not be set up in a environmentally sensitive areas. Timber harvest is prohibited in environmentally sensitive areas as designated by the Real Estate Contracting Officer's representative and Fort Bragg Cultural Resources. These areas designated by signs and/or blue and white striped flagging and florescent pink flagging.
- j. Log deck locations must be approved in advance by Fort Bragg Forest Resources Office and Fort Bragg DPW, Forestry Branch. Delimbing of trees must be done on the log deck. Logging slash will be spread throughout the sale area. Debris will not be piled over thirty-six (36) inches high.
- k. Losses of contractor property due to criminal acts should be promptly reported by the contractor or his agent, to installation law enforcement and to Corps Forest Resources personnel.
- l. Limbs, tops, cull logs or other debris will be removed from branches, creeks, ponds, rivers and will be kept free of roads and trails and areas outside of the sale area.
- m. In the judgment of the Resident Forester that the purchaser has not exercised reasonable care for the protection of the residual stand, the purchaser will procure and apply tree wound paint to any damaged or scarred trees as a result of logging operations. Hardwood trees greater than ten (10) inches DBH will not be damaged by harvest operations.
- n. The contractor is responsible for adhering to the boundary lines of the sale area(s) as identified on the ground and/or subject timber by the Real Estate Contracting Officer or his authorized representative.
- o. All skid trails, loading decks, haul routes, etc. will be approved prior to use by the Real Estate Contracting Officer or his authorized representative and/or Post Natural Resources personnel.
- p. All trash, paper, cans, oil, containers, gas cans, etc. will be picked up and removed by the contractor each day.
- q. Operations may be temporarily suspended at the discretion of the Real Estate Contracting Officer or his authorized representative and/or Post Natural Resources personnel if warranted by high fire danger or inclement weather conditions or military mission requirements.
- r. Contractor is responsible for conducting harvest operations in a manner that complies with the Forestry Best Management Practices for water quality.
- s. Contractor is responsible for adhering to the Endangered Species Act of 1973 and the Endangered Species Act Amendments of 1982.

t. In the event that the purchaser, his/her/its agent or employees, violates any instructions given by the Government or any law, regulation, or policy concerning the protection and/or preservation of a cultural resource site, the environment, or particular animal and/or plant species, the Real Estate Contracting Officer's representative may require the purchaser to cease work immediately so that an evaluation of the affected area may be made by appropriate Government personnel. The Real Estate Contracting Officer will review the evaluation, and at the option of the Real Estate Contracting Officer, the contract may be terminated. No compensation shall be due the purchaser for any stoppage or termination under this provision. An assessment of the property damage and administrative costs will be made to determine the extent of the damages and costs, and the purchaser shall make payment to the United States in that amount. The purchaser shall be liable for the payment of any penalties or assessments resulting from the acts of the purchaser, his/her/its agent or employees. The purchaser will also be liable for any costs incurred by the Government to complete the removal of the forest products that are the subject of this contract.
