Executive Office

July 27, 2017

PUBLIC NOTICE
Savannah District, U.S. Army Corps of Engineers

TO WHOM IT MAY CONCERN:

SUBJECT: Savannah Harbor Expansion Project - Request for Information on the Location of Utility Crossings

Notice of the following is hereby given:

1. The Savannah Harbor Expansion Project has been approved to a project depth of -47 feet mean lower low water (MLLW) with deeper construction disturbance depths. The disturbance depth will be deepest in the Kings Island Turning Basin.
2. The area of interest for locating utilities is the Savannah River bounded by Station 0+000 (at Fort Pulaski) and Station 103+000 (at the intersection of the Savannah River and Middle River).
3. Information is required on the location of all utility crossings in the harbor and all areas within the bounds described in paragraph 2, including the depth of embedment. The information should include as-built surveys showing plan view locations, and cross-sections showing the elevation of the utility as it crosses the river.
4. Information on utility crossings should be provided to the Savannah District Office by 12 O'CLOCK Noon, August 28, 2017.
5. The information should be sent to the Savannah District, U.S. Army Corps of Engineers, Hydrology and Hydraulics Branch, ATTN: Mr. Wilbur Wiggins (EN-H),

100 West Oglethorpe Avenue, Savannah, Georgia 31401-3604 or by email at the following address: wilbur.k.wiggins@usace.army.mil. If there are any questions concerning this Public Notice, please contact Mr. Wiggins.

Sincerely

A handwritten signature in black ink, appearing to read 'Erik T. Blechinger', written in a cursive style.

Erik T. Blechinger
Deputy District Engineer for Planning
Programs and Project Management Division
