Regulatory Branch

**PUBLIC NOTICE**  
**Savannah District**

The Regulatory Branch, in order to better serve the regulated public, intends to prepare a "Courtesy List of Environmental Consultants for Actions within Georgia". The list would include environmental consulting firms primarily as a courtesy to help the general public find professional assistance in matters related to the Clean Water Act (CWA) and Rivers and Harbors Act (RHA) for projects occurring within the State of Georgia. Such services may include assistance with wetland delineations, endangered species surveys, cultural resource (historic and archeological) surveys, and the preparation of permit applications or mitigation proposals to be submitted to the U.S. Army Corps of Engineers, Savannah District, Regulatory Branch. Environmental consultants may also be able to provide services to the general public in matters related to CWA and/or RHA enforcement actions.

The list will be organized first by State in which the firm is located, then by City/Town of the consultant's office and/or mailing address, followed by name of the consulting firm in alphabetical order. The location of the office does not necessarily indicate the geographic area within Georgia where the consultant works, what type of services the consultant specializes in or the costs associated with the consultant's services, etc.

Companies to be included on the list indicate to us that they remain available for this type of work following their request to be placed on this list. The Regulatory Branch is willing to work with any and all environmental consultants. It is the responsibility of the each individual consulting firm to update this office with any future changes to their contact information and/or availability.

**Inclusion on this list should not be considered an endorsement by the Savannah District, Regulatory Branch, or the U.S. Army Corps of Engineers of any listed consultant or firm.**

Anyone wishing to be included on the list, via email please respond to Adam White, at [adam.f.white@usace.army.mil](mailto:adam.f.white@usace.army.mil), no later than 30 days from the date of this notice. In the subject line indicate: "Courtesy List of Environmental Consultants for Actions within Georgia"; within the body of the email, include: Name of Firm, Mailing Address, Primary Phone Number, Web Address, and Primary Email Contact. Once the list is posted to the Savannah District, Regulatory Branch website, it will be updated periodically as revisions are warranted.
