Expiration of Programmatic General Permit 83  
Construction, Maintenance and Modification  
Recreational Dock Facilities  
Tidal Navigable Waters of the United States  
State of Georgia

The Savannah District, U.S. Army Corps of Engineers (the Corps) will not reissue Programmatic General Permit 83 (PGP 83), issued August 3, 2017, pursuant to Section 10 of the River and Harbors Act of 1899 (33 U.S.C. 403). This permit will expire on August 3, 2022.

The use of PGP 83 was administered by the Georgia Department of Natural Resources, Coastal Resources Division (GDNR). It authorized the construction, maintenance, and modification of private recreational dock facilities in the tidal navigable waters of the United States (U.S.) located in Effingham, Chatham, Bryan, Liberty, Long, McIntosh, Wayne, Glynn, Brantley, Camden, and Charlton Counties, Georgia. As of August 3, 2022, this permit is no longer valid, and the public will need to apply for a new permit for any work authorized under the August 3, 2017, PGP 83 which was not completed as of the expiration date.

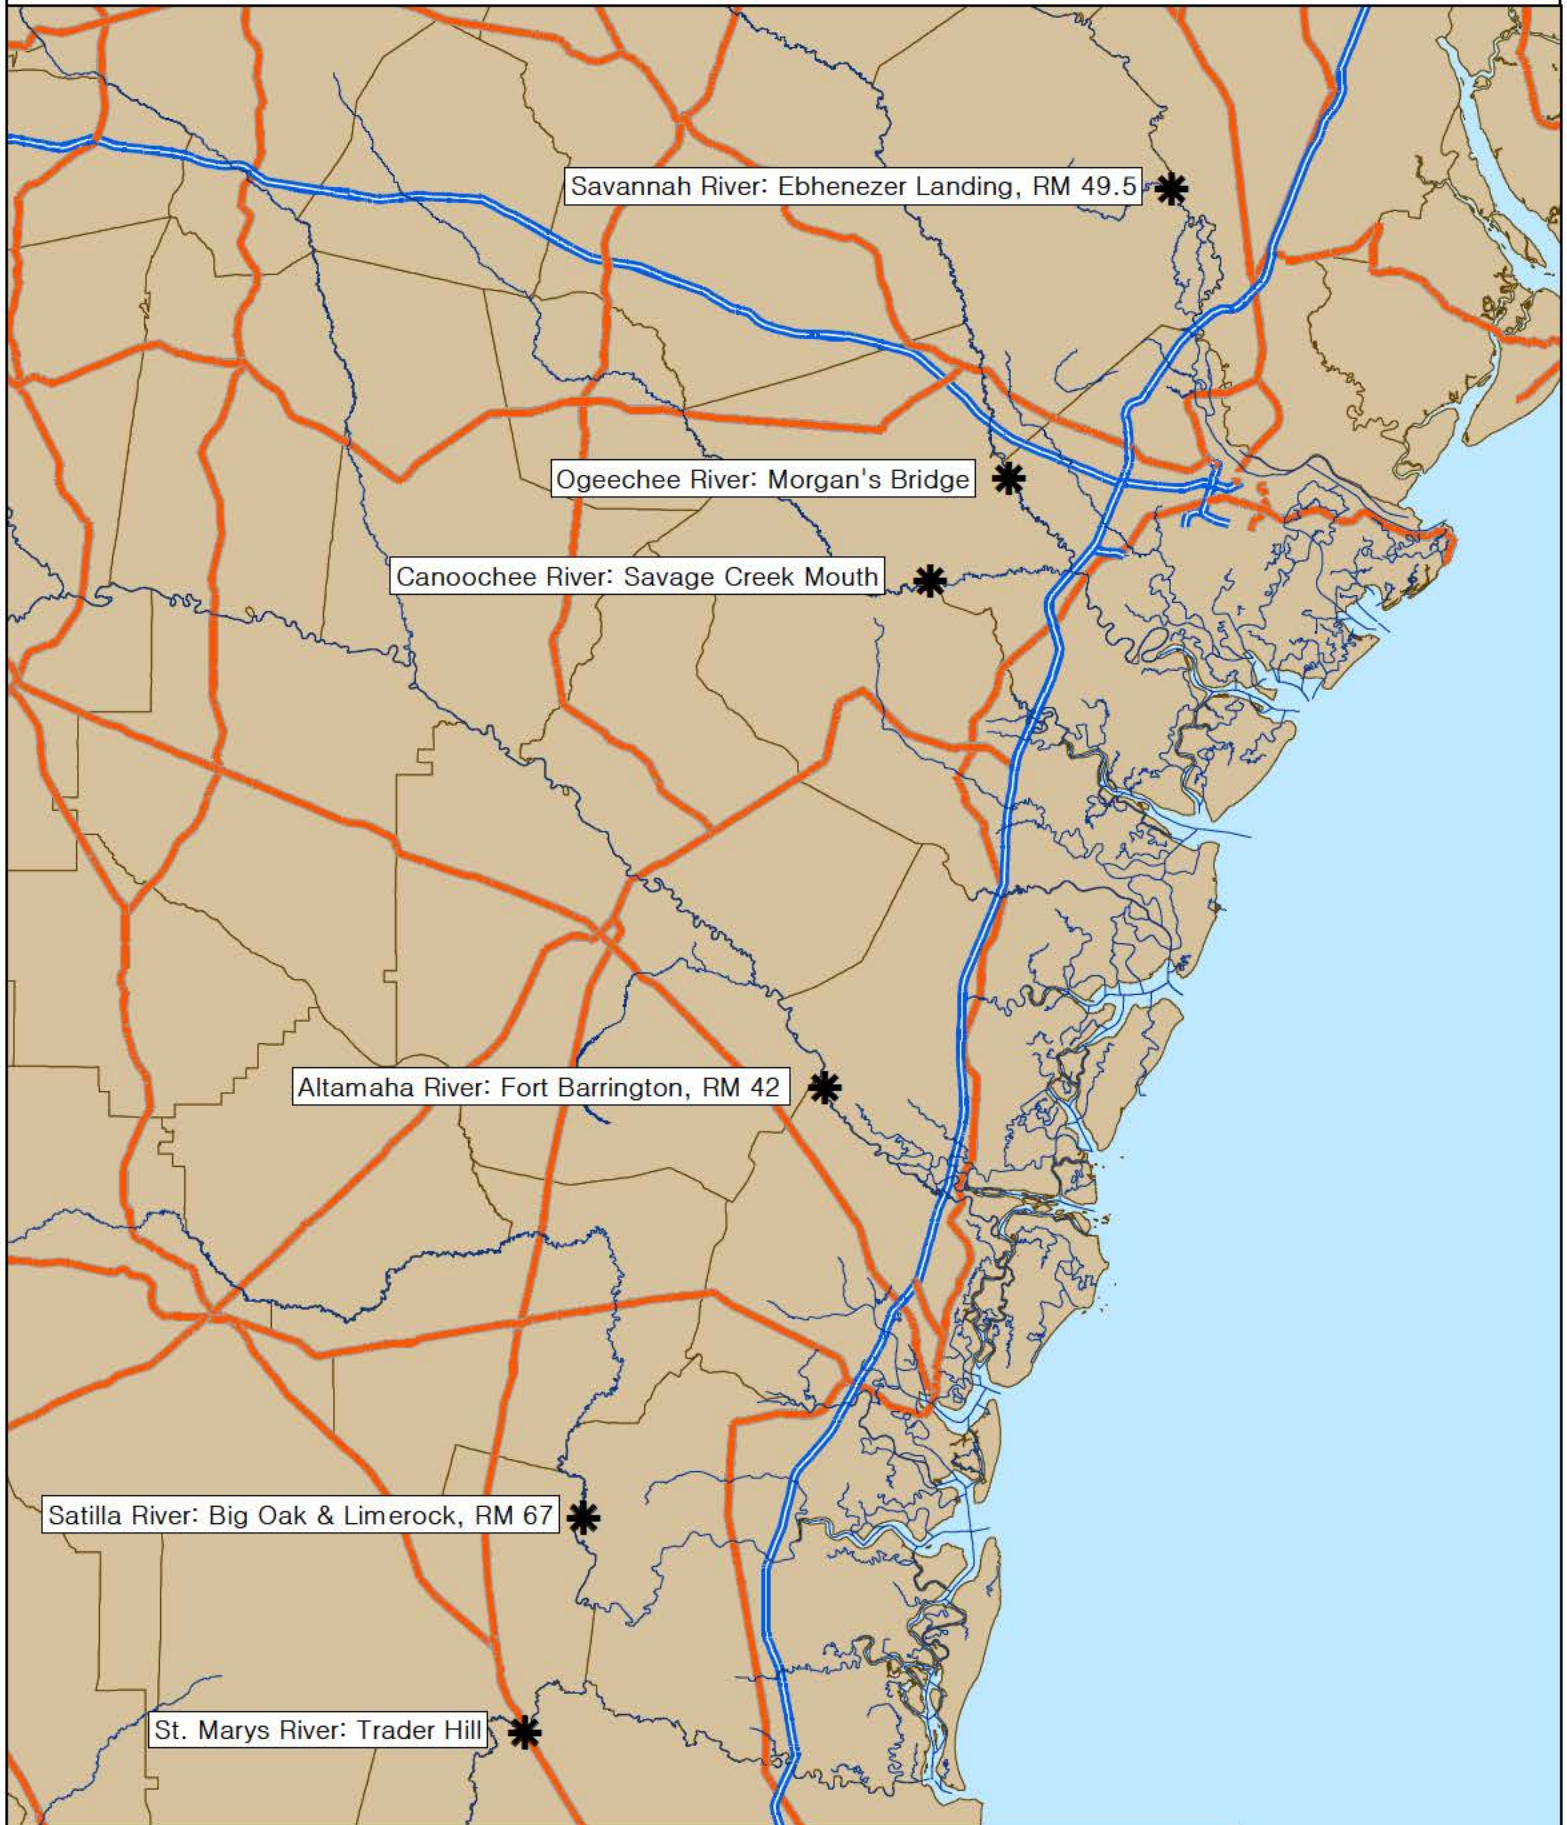

The Corps is currently drafting a Regional General Permit for private recreational dock facilities in tidal areas and anticipates issuance later this year. Currently, to apply for a permit to construct, maintain, or modify a private recreational dock in the tidal, navigable waters of the U.S., please complete Enclosure 2, and submit it, along with plan and profile drawings of the proposed work to the Savannah District, Regulatory Division, Coastal Branch email inbox at [CESAS-RD-C@usace.army.mil](mailto:CESAS-RD-C@usace.army.mil). For general questions please email this inbox or call (912) 652-5893.

For general questions about dock permits in Coastal Georgia, see the GDNR webpage at <https://coastalgadnr.org/AuthorizationAndPermitsCRD>, or call (912) 264-7218 and ask to speak with the GDNR Permit Coordinator for your county. To apply for a permit to construct, maintain, or modify a private recreational dock in the tidal waters please complete the enclosures and mail them to the Dock Permit Coordinator, Georgia Department of Natural Resources, Coastal Resources Division, One Conservation Way, Brunswick Georgia, 31520.

17. Water Quality Certification: In some cases, Federal law requires that a Water Quality Certification from the State of Georgia be obtained prior to issuance of a Federal license or permit. Applicability of this requirement to any specific project is determined by the permitting Federal agency. The information requested below is generally sufficient for the Georgia Environmental Protection Division to issue such a certification if required. Any item, which is not applicable to a specific project, should be so marked. Additional information will be requested if needed.

a. Please submit the following:

1. A plan showing the location and size of any facility, existing or proposed, for handling any sanitary or industrial waste waters generally on your property.

2. A plan of the existing or proposed project and your adjacent property for which permits are being requested.

3. A plan showing the location of all points where petro-chemical products (gasoline, oils, cleaners) used and stored. Any aboveground storage areas must be diked, and there should be no storm drain catch basins within the dike areas. All valving arrangements on any petro-chemical transfer lines should be shown.

4. A contingency plan delineating action to be taken by you in the event of spillage of petro-chemical products or other materials from your operation.

5. Plan and profile drawings showing limits of areas to be dredged, areas to be used for placement of spoil, locations of any dikes to be constructed showing locations of any weir(s), and typical cross sections of the dikes.

b. Please provide the following statements:

1. A statement that all activities will be performed in a manner to minimize turbidity in the stream.

2. A statement that there will be no oils or other pollutants released from the proposed activities which will reach the stream.

3. A statement that all work performed during construction will be done in a manner to prevent interference with any legitimate water uses.

18. Application is hereby made for a permit or permits to authorize the activities described herein; Water Quality Certification from the Georgia Environmental Protection Division is also requested if needed. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activities.
