March 30, 2020

Regulatory Division

JOINT PUBLIC NOTICE
Savannah District/State of Georgia

Regulatory staff in Savannah District will continue in a telework status until further notice. Site visits, face-to-face meetings, and travel are still cancelled. We are following guidance from our chain of command, but we are also keeping a close eye on any local restrictions, including shelter-in-place orders, to determine when we can resume normal operations. Again, please contact your assigned project manager by email if you have any questions regarding the status of a specific project. For general regulatory questions in Coastal/South Georgia, please email William Rutlin at william.m.rutlin@usace.army.mil. For general regulatory questions in Piedmont/North Georgia, please email Edward Johnson, Jr. at edward.b.johnson@usace.army.mil. For any questions related to GDOT, please email Shaun Blocker at shaun.l.blocker@usace.army.mil.

We may continue to experience some intermittent lapses in network connectivity that may affect email and phone response times, but we are committed to accomplishing our mission with minimal disruption. Please continue to be patient and if you do have concerns, please contact any of the above listed individuals. We will continue to provide updates to our work status by email and public notice.
