

MEMORANDUM FOR CESAS-OP-T, CESAS-OP-H

Subject: Environmental Policy for Savannah District, Revision #1

1. Thurmond and Hartwell Multi-purpose Projects embrace the US Army Corps of Engineers Environmental Operating Principles through the implementation of the EMS that strives to achieve environmental sustainability. For the purpose of this EMS, the environment includes the air, water, land, natural resources, flora, fauna, humans and their interaction in the operation of the these projects.
2. Thurmond and Hartwell Project are committed to complying with all applicable legal requirements and other requirements. Both projects integrate environmental management into daily business and decision-making processes, set and regularly review environmental objectives and targets, regularly measure environmental performance based on those set objectives and targets, and practice continual improvement through the development and implementation of Environmental Management Plans.
3. Through initiatives prescribed in the EMS, Thurmond and Hartwell are actively committed to the prevention of pollution.
4. The policy is communicated to all employees and those who work for or on behalf of the Corps of Engineers (excluding contractor activities) and is made available to the public.

  
LINDA A. MORRISON  
Chief, Operations Division
